

## Equipment for IC Manufacturing & Testing

GCE has been supplying quality used and refurbished equipment for IC manufacturing and testing for over 11 years. Our customers are integrated circuit device makers in the Semiconductor, MEMs, Photonics, and LED markets. While we offer wide variety of wafer processing equipment and automated test equipment, our core offerings are as follows: **Canon Steppers**, **KLA CD-SEMs**, **Credence Kalos Testers**, and associated parts and services.

### CANON STEPPERS

GCE is a global supplier of high quality refurbished Canon steppers, spare parts, and services at the most competitive pricing. We hold the largest inventory of Canon i-line and DUV steppers for sale worldwide, in our new cleanroom lab in Livermore, California. This 10,000 square feet facility features a 3,000 square feet cleanroom with ten service bays. Our expertise in systems, parts, and services cover the following Canon stepper and scanner models: i4, i5, i5+, i5++, iW, MR, iZA, EX3, EX4, EX5, EX6, ES2+, ES3, ES4.

### KLA CD-SEM

GCE is a global supplier of high quality refurbished KLA CD-SEMs, spare parts, and services at the most competitive pricing. We hold the largest inventory of KLA CD-SEMs for sale worldwide, at our Blackwood, New Jersey lab. Featuring a 2,500 square feet area, this lab provides simultaneous refurbishment of 5 CD-SEMs. Our solid experience in systems, parts, and services cover the 8100, 8100E, 8100XP, 8200, 8250, 8250R, 8300, and 8450 models.

### CREDENCE KALOS

GCE is a global supplier of high quality new and refurbished Credence Kalos testers, spare parts, and services at the most competitive pricing. We hold the largest inventory of Credence Kalos testers for sale worldwide. If you are looking for a test system for non volatile memory (NVM) testing, but are not sure of which model or platform is best suited to your needs, call us. We can help you set up your entire NVM test operation with Kalos platform. Our expertise in testers, parts, and services cover the following models: PK1, PK2, Kalos 1 HEX, Kalos XW, K2 HEX, K2

***What makes us different? We have a large inventory and selection of steppers, CD-SEMs, Kalos test equipment and spare parts in stock. We have class leading cleanroom facilities staffed by top level experts with extensive OEM experience on all of our core products. Each team member is a dedicated, long term GCE employee committed to your success. We have what it takes to help you achieve ROI beyond any competitive offering. If you are thinking about investing in an i-line or DUV stepper, a CD-SEM, or NVM test system but are not sure which model or platform is best suited to your requirement, call our experts. We will assist you in finding the optimal solution.***

While GCE has core focus on three product lines, our expertise and experience spans to cover diversified categories of equipment. This specifically includes: MOCVD reactor, Hitachi SEM and CD-SEM, FEI FIB, and SUSS Flip Chip bonder equipment. For used and refurbished Veeco, Aixtron, and Thomas Swan MOCVD reactors, GCE is a very experienced vendor with over 25 total transactions completed worldwide.

## TURNKEY SOLUTIONS

We offer total turnkey solutions which include:

- Full refurbishment
- Full operational demonstration at our facility
- Training at GCE facilities
- Installation, start up, and training at customer facilities worldwide
- 3 months parts and labor warranty worldwide
- Extended warranty available for up to one full year (optional)
- Unlimited support by email and telephone

## SPARE PARTS

- Full range of new and refurbished spare parts in stock for KLA 8000 series CD-SEM systems. Most ship next day and include our 3 month warranty.
- Full range of new and refurbished spare parts in stock for Credence Kalos testers. Most ship next day and include our 3 month warranty.
- Large quantity of new and refurbished spare parts in stock for Canon FPA-3000 i-line and DUV steppers. Most ship next day and include our 3 month warranty.

## SERVICE AND SUPPORT

- Full range of service contracts are offered for KLA 8000 series CD-SEM systems. Contracts can be basic PM only, or all inclusive to include all labor and parts.
- Service contracts are offered for Credence Kalos testers. Contracts can be inclusive of board repair or have a repair/exchange option.
- Service contracts to cover PM visits are offered for Canon FPA-3000 i-line and DUV steppers.

The bottom line is substantial savings without sacrificing quality or response time. Buy with confidence. Please contact us to discuss how we can customize to meet your specific needs.
